The main points for the procedure of replacing Chief Minister are given below :

- 1) Application for the Chief Minister : If any citizen above 30 years of age wants to become Chief Minister, he can present an affidavit in front of the collector. The Collector will declare him as Chief Minister candidate by taking a fee of ₹ 10,000 and will make the affidavit public on the Chief Minister's website.
- 2) The incumbent Chief Minister can choose the higher number as per his choice from the following 2 conditions :-
 - The number of approvals given by the citizens or
 - Total number of votes received by the MLA supporting the Chief Minister during election.

Explanation: Suppose in a state of 3 crore population and 200 assembly seats, X is the current CM and he has a support of 120 MLAs in the assembly. Let's say this 120 MLA got a total of 1 crore votes in the elections, and the number of approvals X directly got from the citizens is 80 lakhs.

1. Suppose Y is the candidate for CM and 90 lakh citizens give him approval, even then X will continue to be the CM because sum total of MLA votes who support X is 1 crore but if Y gets 1.1 crore approval then X may resign.
2. Now suppose Y gets 1.1 crore approvals, but if X starts doing satisfactory work as CM, hence X's approvals increase to 1.15 crores, even then X will remain CM.
